

Trail Information Kiosks

Business Sponsorship

The Main Street to the Mountains trail system is growing rapidly and GVLT's Community Trails Program is installing information kiosks to provide better information for the thousands of residents and visitors who use the trails. The kiosks display maps, trail etiquette guidelines and other useful information.

Business sponsorships make Trail Information Kiosks possible:

Trail Information Kiosks are funded through a combination of grant money and sponsorship donations from local businesses. Materials, construction, graphic design, printing and installation typically total approximately \$2000. Since 2007, GVLT has installed 13 kiosks thanks to sponsorships from Allied Engineering, Colombo's Pizza, Delaney & Co., Hyalite Environmental, Ressler Motors, TD&H Engineering and Zoot Enterprises.

New Kiosks need sponsors:

GVLT needs sponsors for new kiosks at the East Gallatin Recreation Area, Bozeman Pond, and two locations on the west side trail north of the Mall. We also need sponsors to help with the cost of updating the map and display for the kiosk at the base of Peets Hill.

Sponsor a Kiosk!

\$ 1000 ~ Three Year Sponsorship

\$ 500 ~ Three Year Sponsorship Renewal
